

AI Worker Platform: user flow and page sketches

Black and white wireframes. Page 1 is the user flow; the pages after it are one sketch per screen.

Screens: Dashboard, Compose (6 steps + package), Registry, Worker detail, Knowledge (3 scopes, preview, detail, catalogue), Learning (3 views, map, reports), Sentinel (3 views).

1. Dashboard

Overview of Workers, learning activity, Platform Sentinel decisions and a Workers table.

Item 10	On

Workers

Table: worker, status, capability, maturity, assigned, learned

Worker	Status	Capability	Maturity	Assigned	Learned
Worker 1	On	High	Medium	Yes	Yes
Worker 2	On	Medium	Low	No	No
Worker 3	On	Low	Low	Yes	Yes
Worker 4	On	High	Medium	Yes	Yes
Worker 5	On	Medium	Low	No	No

Sketch note: Delivery and operations sits collapsed under the table.

2. Compose - Step 1: Define the Worker

Choose the kind of work, and where the Worker's work stops.

AI Worker Platform

Dashboard

Compose

Registry

Knowledge

Learning

Sentinel

Compose an AI Worker

Choose the work. Confirm its preset. Deploy one governed Worker.

1 Define the Worker

2 Worker intent

3 Worker Brain

4 Knowledge & grow

5 Definition of Do

6 Autonomy

STEP 1 OF 6

Define the Worker

Choose identity, business domain and bounded context

What does this Worker do, and where does its work stop?

Back

Confirm / Continue

Worker identity

Sticky summary rail

Page 3 of 26

3. Compose - Step 2: Worker intent

Agent, harness and tools.
